

Natural avalanches in Hyalite

Hyalite - main fork

Northern Gallatin

3/28/2023

Code

SS-N-R2-D1.5

Latitude

45.44720

Longitude

-110.96200

Notes

On my walk up to divide today 3/28 I noticed a few small storm slabs that broke on the west side of the main fork of hyalite off the summer trail. This area had similar storm slabs that broke back in mid February during a large storm

up in the alpine there were no avalanches to report
