Howling winds outside Cooke

Date
Tue, 04/08/2025 - 03:25
Activity
Skiing
Snowmobiling

Roaring wind, graupal, low to no visibility. 3-5" of mixed snow forms. Skiing was surprisingly good and wind slabs generally unreactive, but I was just on lower Fisher, right below Lulu. Picture is South East on Scotch Bonnet

Region
Cooke City
Location (from list)
Lulu Pass
